MR. DANIEL CATTON RICH

Director, Worcester Art Museum

MR. ALBERT DUMOUCHEL

Artist-Teacher, Ecole des Beaux-Arts, Montreal

The Ninth Winnipeg Show is now a biennial exhibition of Canadian art. Its growth demonstrates the continuing interest of the public, as well as of the artists. The entries mark a new high, a total of 365 artists submitted 641 works. From these, 81 paintings, 21 sculptures, and 41 graphics have been chosen for the present exhibition.

This year for the first time, the judges decided that an equal cash prize should be given to each artist as they did not wish to emphasize one work or one technique against another. They have chosen 15 works for awards. Six of these were selected by the Acquisitions Committee as purchases for the gallery. This committee chose another eight works from the remainder of the exhibits as further purchases for the Winnipeg Art Gallery and a ninth one from the Sponsor's account.

The vitality of the Winnipeg Show is demonstrated in the changes which take place from year to year in relation to the display area, number of judges, entry conditions, jury instructions, distribution of prizes, etc. One feature has remained constant since its inception. From the beginning it has been an all Canadian jury show, which has attracted established artists as well as talented young newcomers. The Ninth Winnipeg Show will continue to stimulate those interested in the development of the arts in our time.
